### The Art of Fine Plumbing

has progressed with the development of the science of sanitation and we have kept pace with the improvements. Have you? Or is your bathroom one of the old fashioned, unhealthy kind?

If you are still using the "closed in" fixtures of ten years ago, it would be well to remove them and install in their stead, snowy white "Standard" Porcelain Enamelled Ware, of which we have samples displayed in our showroom.

A "Standard" Modern Bathroom will add a wealth of health to your home and will naturally increase its selling value.

If you will call we will talk the plumbing question over with you, and will give you the booklet, "Modern Home Plumbing," which contains much that you should know.

## TO THE PUBLIC:

Having bought out the store of the Miller-Strohm Company I respectfully ask the former patrons of that firm to continue their patronage at the same stand. I will continue to keep the same high class goods as were handled by my predecessors and assure all their former patrons, as well as others, that they will receive a "square deal" by trading with me.

My grocery store at Kingston will be continued, but I will sell out the dry goods and shoes at ACTUAL COST. You will find some bargains in these two lines that will make it to your advantage to buy.

Very Respectfully,
